....."If I cannot hire you myself, I would be more than happy to pass your name along to others in the field:"....

Shadowwood, Sigma Pi International
Headquarters

Dear Brothers:

I went to the Biennial Convocation knowing only the guys from my chapter, the consultants, and a couple of other guys. After spending the week in Chicago, I feel I made some close friends that I wish to keep in contact with. I felt as if I knew some of the guys all my life.

At Chicago I really saw the Ideals of Sigma Pi at work. It was true Brotherhood. I would like to especially thank Past Grand Sage, Gary Tash and Consultant, Brad Vaughn, for taking such good care of the nominating committee. Congratulations and good luck to everyone.

*Fraternally yours,
Ken Puller, President
Gamma-Pi Chapter
Indiana State University*

I want to congratulate you on 25 years at the Shadowwood site. I can remember when the national headquarters was moved to Vincennes. Sigma Pi has been one of the outstanding fraternities on campuses across America. I always proudly say that Sigma Pi National is in Vincennes.

You must be very pleased with how Shadowwood has developed from the "mansion" you obtained from the University 25 years ago. The latest renovation makes it even more functional and attractive. Sigma Pi has been a true asset to Vincennes and has provided the direction and fraternity experience for thousands of young men at campuses across the United States.

Please extend my congratulations to your national officers, national staff, and I know the future will reflect the growth and development that has been seen in the past 25 years at Shadowwood in Vincennes. I wish you the best and congratulate you on your 25th year "back home in Indiana and at Shadowwood."

*Dr. Phillip M. Summers
President,
Vincennes University*

.....*I want to thank you for the Golden Cross Award.*

About three year ago, I retired from practice, having retired from teaching about nine years before.....

*Joseph G. Dawson, Ph.D.
Baton Rouge, LA*

.....*I received my Gold Cross Award February 7th and I thank you for it, as I am very proud of it!*

I remember well my Pi Chapter days with much pleasure, but unfortunately I have had little opportunity to see much of the fellows of Pi Chapter because my life work as a Metallurgical Engineer, has been in small mining towns.....

CHAPTER NEWS

Γ OHIO NORTHERN UNIVERSITY June 6, 1908

Columbus, OH - Greetings from Gamma! The theme for this week's Greek Week festivities was "The Tradition Continues". Although we lost in the overall competition, we did win the Ameba Race and a new greek week game: the Dizzy Lizzy. In addition, during the honors banquet we were presented with the Interfraternity Council Sportsmanship Award Trophy.

The Chapter members donated their time to the Arthritis Foundation by answering phones at the annual telethon. Many parents stormed the house in our annual Parents Weekend. They were very excited with the house renovations and wishes us lots of luck in the future.

UNDERGRADUATES

Our newly-elected Vice President, **Miguel E. Baldoni**, recently received a Biochemistry Fellowship from the Dean of the Ohio State University Graduate School. The Fellowship will enable our brother to work all summer with a faculty member on research of mutual interest. Miguel is planning to attend Medical School and we wish him lots of luck.

ALUMNI

Gregory Allen Rehard was recently commissioned as an Ensign in the US Navy through the ROTC program. He will be attending the Navy nuclear power school in April. Greg graduated in 1987 with a B. Good luck-Greg, we are very proud of you!

Z OHIO NORTHERN UNIVERSITY June 1, 1912

Ada, OH - This year, one of Zeta Chapter's main goals was to improve relations with a neighboring fraternity. In order to do this, we participated in a community service project and organized a sporting event with them.

Zeta Chapter had the second highest grade point average of all men on campus for both Fall and Winter quarters. The house had a 2.7 cumulative G.P.A. with several brothers making the Dean's List.

Our major house improvement project was to replace our drop-ceiling with a plywood one. Several brothers stayed a few days extra for Christmas break in order to complete this job.

We have also converted our old kitchen into a mini-gym. Through donations from the brotherhood, it is equipped with weights, a speed bag, and a heavy bag.

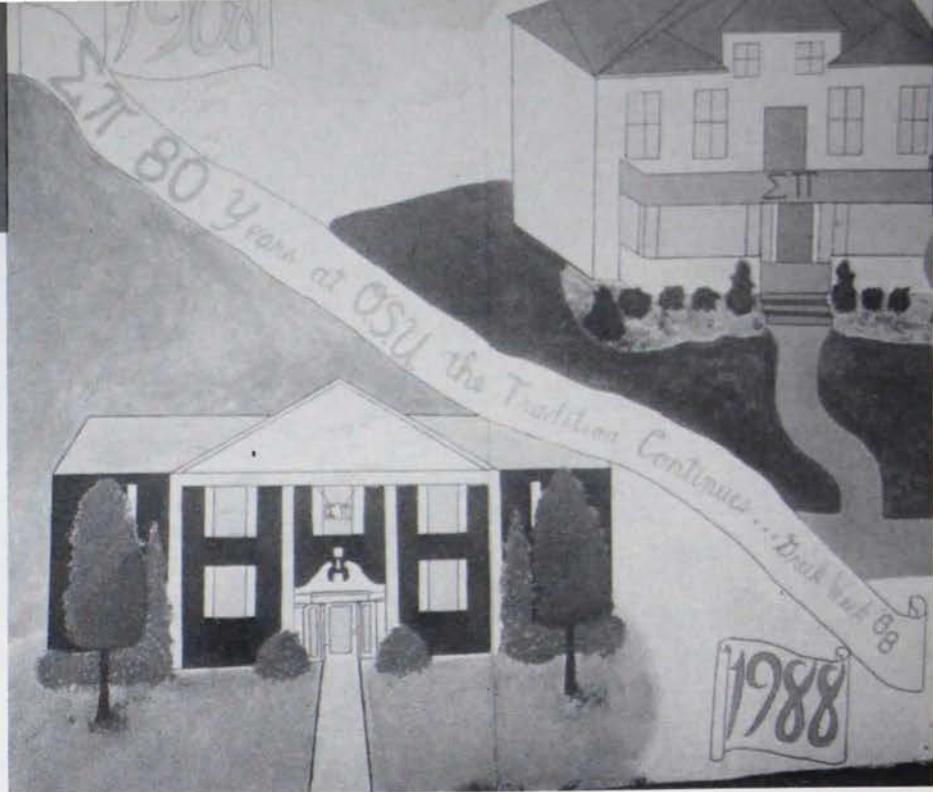

This spring was filled with many fun activities, including a hog roast, the annual "Suite Cram", and Greek Week.

The brothers of Zeta Chapter were saddened at the loss of two of our Little Sisters who were killed in a car accident this spring. We would like to dedicate this article to the memory of Brenda Johnson and Taffy Howard.

West Lafayette, IN - This semester we received some great news for Eta Chapter. The ground breaking date for our addition and renovation has been set for February 25, 1989. Our thanks goes out to Brother **John Proctor**, Alumni Board President, and the rest of the Alumni Board for their hard work and support.

In April, we held a phone-a-thon to raise money for the new addition. Our thanks to all of the Eta Alumni who donated to keep our dream alive.

Also in April, we held our annual M. S. fundraiser. Our crew worked hard and qualified in the 16th position for the race. We completed 97 laps, our best showing in a long time, and a good sign for the future. We were also visited by several brothers from Gamma-Upsilon Chapter of Murray State.

Good luck to all!

Θ PENNSYLVANIA STATE UNIVERSITY October 26, 1912

State College, PA - This Spring marked the conclusion of yet another successful year for Theta Chapter. After our Fall Celebration of 75 years at Penn State University, the highlight of the Spring Semester was the Annual Sigma Pi Open. This year's Open raised a record \$4,000 and participants were also offered the opportunity to win a brand new Nissan Pulsar.

After finishing fourth overall last year, Theta had a strong showing in the athletic department this year with a second place finish. This was accomplished with 1st place finishes in basketball, track, swimming, and cross country. Theta also sported first place finishes in the Phi Psi 500, Delta Chi Marathon, and Alpha Omicron Pi Football Challenge. Of course academics remain a top priority for Theta Chapter with a ranking within the top 15 and many brothers on the Dean's List.

The Spring's social highlight was definitely the Orchid Ball. Other than athletics, academics and socializing, Theta's activities stay busy preserving the Theta Chapter house as the finest in the land. Small renovations, repairs, landscaping, gifts and respect keep things looking great!

K TEMPLE UNIVERSITY March 13, 1909

Philadelphia, PA - Kappa Chapter has seen a very productive and outstanding year. Our basement project which was started in February '87, has finally ended with the completion of our newly expanded party room. This project would not have gotten off the ground, if it was not for the dedication of our actives, who had done all the work. We also express our sincere appreciation to all our alumni, who have helped fund this project

University of Iowa remodeling completed

Upsilon Chapter House at U.C.L.A.

and also given us their expert knowledge, aiding the renovations.

This has also been an excellent year for rushing. In the Fall of 1987 we initiated 12 new members, the largest class in over 4 years!

We cannot conclude this report without mentioning how proud we are of our #1 Owls Basketball Team. To show our pride and spirit, we presented the Temple Owl Fund with a check of \$125 at half-time of the George Washington game. This was the second year in a row we did this.

UNDERGRADUATES

Paul Kouroupas and **Steve McDermott** - recipients of the Sage's Award, who had taken the basement project to heart and showed unusual qualities of generosity and loyalty to Sigma Pi. Former Sage, **Paul Dudley** is representing the IFC in creating a university-wide rush and selecting our first Greek Advisor. Finally, **Chris Sullivan**, who started as our DJ, has finally opened his own production company, Christopher Sound.

ALUMNI

At our 79th Annual Founder's Day, we honored **Don Cox**, Alumni President, for his outstanding work. Also was **Bruce Yoshida**, the 1988 Outstanding Graduating Senior, who served the fraternity to its limits during his tenure as an active.

UNIVERSITY OF CALIFORNIA-LOS ANGELES February 24, 1923

The 1987-88 academic year has been one of the best in the recent history of Upsilon. Our Fall Quarter was highlighted by our participation in the UCLA Homecoming activities. Under the leadership of **Larry Coval**, we not only constructed one of the best floats that we as a chapter, had ever done, but also constructed one of the best floats that was entered in the parade. Competing against floats entered by other fraternities and campus organizations, our float won the "Best Use of Theme" award which is considered second place. The energy that pushed us in Fall carried us over to Winter when we held our 11th annual Moonshiner in order to raise funds for Multiple Sclerosis. Supported by various sponsors, we were host to over 2500 people and raised \$1500 to support the charity.

Spring was characterized by several main events. First, our newly elected Executive Council took office. This new council under the dynamic leadership of **Christopher Allen** promises to lead Upsilon through a very productive year. Second, one of the best pledge classes not only in size but in quality was achieved during our Spring Rush. Third, our participation in UCLA's Mardi Gras enabled us to help support Uni Camp, UCLA's philanthropy. Finally, our year was quite spectacularly ended by the holding of our annual Orchid Ball. The Summer will also prove to be a very productive time with most of EC living in the house.

To all chapters, We, the Brothers of Upsilon - UCLA, wish you a great summer.

ALUMNI

It is here that we would like to mention one of our most outstanding alumni, **Christopher Daughters**. Recently graduated from UCLA's School of Engineering, Chris is now working for Northrop in propulsion systems design. Furthermore, he has been elected the new president of Upsilon's Alumni Association.

UNIVERSITY OF ILLINOIS May 21, 1908

Champaign, IL - Greetings from Champaign, where Phi Chapter is celebrating the 80th year of Sigma Pi Brotherhood. Happy Birthday, Phi!

The Spring of 1988 was a busy and productive year for Phi. Upon returning to school from the

holiday season. Six new members were initiated, and a new pledge class was formed. A number of social events, which doubled as rush functions, included our annual "Pop and Punk", and "Pork in the Sand".

Spring Rush was the culmination of efforts by all, and has netted an excellent start for our fall pledge class. Special thanks to **Mike Scuteri**, Chapter Consultant, and **E. Andrew Morris**, Executive Director. Plans are underway for the renovation of the chapter house, everyone is very anxious for the fall.

The Orchid Ball held on April 8th in Elk Grove Village, saw the return of several alumni and awards were presented to these brothers: **Scott Howard** - The Elston Award, **Chuck Hruska** and **Vince D'Orazio** - The Palmer Award for Alumni Support, and **Mary Nix**, Phi Sigma Sigma, the Chapter Sweetheart for 1988. A good time was had by all.

Mark your calendar now for HOMECOMING - OCTOBER 22, 1988. The weekend promises to be a record for Phi Chapter at the University of Illinois. The networking has started and we don't want you left out of any of the activities!

We'll start Saturday morning with a pre-game brunch hosted by the Alumni Association at 11:00 a. m. at 901 South Second Street, Champaign, IL.

The fighting Illini football game vs. Michigan State is expected to start around 1:00 p. m. Our new coach promises to be a real motivator and we are expectant of a 60 minute football game.

A post game social hour is planned back at the chapter house followed by a delicious buffet dinner at the Illini union at 6:30 p. m., allowing plenty of time for post dinner visits or a traffic free return home.

Why not call one of your long lost brothers and get him to attend as well? We'll be happy to try to help with information on locating him if we can. Use your alumni directory that Harris Publishing Company compiled or call Nadine at the Executive Office from 9:00 a. m. - 4:30 p. m. weekdays, and she will try to help you.

Plan on joining us OCTOBER 22! It promises to be a great way to spend a weekend at your Alma Mater. For more information, contact the chapter house.

AI UNIVERSITY OF MISSOURI-ROLLA April 29, 1933

Rolla, MO - Another school year has gone by for the brothers of Alpha-Iota Chapter and we have had a great spring. We started off by initiating twelve new members and taking on four social pledges. Rush has been a major concern of the chapter and we have taken some steps to insure a 20-25 man pledge class. We held a "dry" rush in West St. Louis which was a success, all the rushees who showed were treated to a good time and to ping-pong and air hockey games. We have held other rush functions and will be holding events like going to a St. Louis Cardinals baseball game and float trips over the summer.

St. Pat's, the week that made Kolla famous, was a good time with a number of alumni coming down to visit. In the festivities our "non-float" entry the V-6 engine won first place and our house was sixth overall on campus for the events.

Better yet was our Greek Week held from April 17-23. We took fourth overall, but our show chariot, the first we ever made, won second place. The "Bone Chariot" was decorated with a "monster" skeleton and complete with a stereo and chain to hang our brass greeks on the front. We also placed in other Greek Week events, and we took first place in the tug-o-war competition thanks to the help of returning alumni.

Louisiana State University — new home for Alpha Kappa Chapter

AK LOUISIANA STATE UNIVERSITY April 12, 1986 (rechartered)

Baton Rouge, LA - Alpha-Kappa Chapter has pursued a vigorous program this year. We expanded the chapter membership as well as becoming involved in numerous campus activities. We are proud to say that we are the fastest growing fraternity at L. S. U.; our membership currently stands at forty-five. At the present rate of growth we should be competing with some of the top long-established fraternities here.

During the Fall we placed second in the Muscular Dystrophy Marathon, mainly an all Greek fund raising event. The chapter raised over \$1,000.00 for a local child, Jennifer Branch, who needed a liver transplant. The money helped defer the family's medical expenses.

While we had a limited social calendar in the Fall, the enthusiastic response sororities gave us in the spring proved that we are making a name for ourselves in a very competitive Greek system. We had exchanges with Kappa, Tri-Delt, Alpha Xi Delta, Delta Zeta, and Sigma Kappa. Also this Spring we participated with Chi Omega in L. S. U.'s Jambalaya Jamboree. Our theme, by the way, was the Cajun Wheel of Fortune, starring Jaque Cest Jaque and Vanna LeBlanc.

Our Founder's Day turned our real well. Notable participants were **E. Alva Edwards** - First Sage of Alpha-Kappa, Province Archon - **John Ehrlich**, who received a special thanks, and Past Grand Sage **Kenneth Hughes** from Omicron Chapter, he was the Keynote Speaker.

We ended the year with our Orchid Ball held in Destin, Florida. Thus, we are convinced that brothers' initiative and hardwork pays off. We surely have enjoyed our new found success.

UNDERGRADUATES

SOUTHWEST MISSOURI STATE UNIVERSITY April 1, 1948

Springfield, MO - The Alpha-Rho Chapter experienced a fulfilling semester of activities, which began with pledging 15 outstanding men.

Our Founder's Day was special this year because one of our Founding Fathers, **Joseph E. Kuklenski, Jr.**, spoke at the banquet.

Another important event Alpha-Rho members participated in was the Greek run to show support for the Southwest Missouri State University. Once again, Alpha-Rho stays on top in Greek Sports for the third consecutive year, making our 40th Anniversary a memorable one. Winning All-Greek Champs has become a well deserved tradition for Alpha-Rho members.

UNDERGRADUATES

UNIVERSITY OF RHODE ISLAND September 25, 1948

Kingston, RI - The upcoming semester will be a rebuilding one for the men of Alpha-Upsilon. With **Steve Amerio** as our new Sage, **Patrick Gallagher** as Fourth Counselor, **Andrew Gillis** as Third Counselor, **John D'Amico** as Second Counselor, **Bill Chenel** as First Counselor, and **Herald, Alan Waltzman**. The Alpha-Upsilon's are confident of a year of excellence. In addition we are proud to announce twenty outstanding new initiates, who have worked very hard over the past semester. Congratulations Kappa Class for a job well done!!

Currently our fund raising chairman **Brent Jenkins** is busy working on a number of philanthropy projects. These include a clean-up project, Boy Scouts of America Day, Sleep Out for the Homeless and a most recent Blood Drive.

Spring '88 looks to be a promising semester. With a list of over 60 rushees, we expect to pledge over 30 good men. Looking ahead, the Alpha-Upsilon Chapter will plan on dominating Greek Week with the largest fraternity on campus. "We will take no prisoners."

Lastly, on behalf of the Alpha-Upsilon Chapter of Sigma Pi Fraternity, University of Rhode Island, the Brothers would like to thank the Executive Office for the support which had been given during the past fall semester.

UNIVERSITY OF MARYLAND March 3, 1949

College Park, MD - The Chapter has acquired a house located on Hopkins Avenue in the heart of the Greek Community. Needless to say, we started off the year with a "Back to School" party at the house. Several four-way deserts followed with our new neighbors. Homecoming was a success as over 20 Alumni returned to the chapter to renew the bonds of brotherhood. Our Homecoming partners were Alpha Delta Pi and Delta Sigma Phi. We placed first in several events, including tug-o-war, where we knocked off previous champ, Sigma Chi.

The Spring Semester headed up with the IFC Ball and a few weekend parties. In February, we had a surprise one night while watching the "Dating Game". One of our long lost brothers, **Dave "The Wave" Rosendin** appeared on the show and selected a beautiful California blond as his date. For Spring break, ten brothers took a road trip to Daytona Beach and partied with Pi's from 8 other chapters. Later, was Greek Week with TEP and Delta Phi Epsilon. Even though this was the first time in recent years that we didn't place in the final standings, we still had a blast! The lovely ladies of Sigma Kappa joined us for a "Graffiti Party", to conclude our schedule of Sorority Socials for the semester.

Only one event remained, the Orchid Ball. This year it was held in Georgetown at the Old Post Office Pavillion.

UNDERGRADUATES

Jeff Hoffman, Joe Orland - Varsity Football; **Doug Wang, Scott Szarick** - Rugby Team; **Mike Fishgrand** - Ice Hockey Team; and **J. T. Jacoby** - Certified Real Estate Agent.

SAN DIEGO STATE UNIVERSITY May 18, 1949

San Diego, CA - Alpha-Omega experienced one of its most productive semesters ever. The Spring Semester saw us take in the largest pledge class on campus and continue to be the driving force behind the Greek System here at S.D.S.U. We continue to improve in sports also, as we had the two lowest scores in the IFC Golf Tournament, jumped up a division in softball and just missed winning it, and climbing in basketball.

The semester was loaded with events. We participated in the World Series at Fullerton, attended the "Moonshiner" for M.S. at UCLA, spent Spring Break in San Felipe, Mexico, and held our annual Orchid Ball at Caesar's Palace in Las Vegas. Many alumni from around the country flew in for it, including Chapter Consultant, **Mike Scuteri** and Executive Vice President of the Sigma Pi Educational Fund, **Jim Corridan**.

The upcoming Fall Semester will be one of our most critical in years as we have twenty brothers graduating within the next year. We wish all brothers a safe and profitable summer. We hope to meet as many brothers as possible in Chicago.

UNDERGRADUATES

Tom Bulowski is the new IFC President. **David Kemme** made the Greek Honor Roll and Dean's List for the 8th straight semester. **Larry Emond** established the Community Service Network while A. S. CHAPTER NEWS

BT EASTERN ILLINOIS UNIVERSITY June 10, 1949

Charleston, IL - At Beta-Gamma, we have had a busy 1987-88 school year. We continued our consistent participation in all intramural events. One thing the brothers at Beta-Gamma did, was put on our own TV show. The past and present Sage, **Jeff Eckburg** and **Donny Ballou**, respectively, helped us to organize this event. Our past philanthropy chairman, **Charles Schuster** did an exceptional job with his position. Not only did the year in philanthropy contain the usual can drives, dinner for the underprivileged, and Christmas gifts for the young; but it also contained much more. By building a haunted hut, and having a hair-cut-a-thon, we were able to contribute greatly to the fraternity's philanthropy. Besides all this, we were number 1 in grades in the Fall of 1987.

To top it all off, we won 9 of the 10 Greek Week events. Finally, an activity our chapter was proud to participate in was in honoring the twenty-five years of service from Genevieve Slevin, our House-mother.

They are as follows: **Chris "Snow Miser" Blatney, Mike "Second Time" Cataline, Dave "Niagra" Fahs, Walt "Pinky" Fazler, Brett "Late Nite" Lambert, Yiny "Mr. Potato Head" Mancini, Ken "Pooh" Orndorff, John "78" Pinto, John "Ice" Rink, Pete "Elmer" Shuman, Rob "Ex-Lax" Sullivan, and Paul "Whachi" Wahmann.**

Congratulations for a job well done. We would like to thank our alumni committee for their enduring interest, advice, and well appreciated financial contributions. Special thanks to: **Fred Feutch, Dave Vrobel** and **Al Brickner** for your added effort on the committee.

In keeping with the recent anti-hazing legislation, our chapter has produced a pamphlet which outlines this new legislation and the detrimental nature of hazing. The pamphlet is open to any fraternity/sorority on or off campus.

This spring our chapter is doing well again as defending champs in softball. Our ping-pong team is pushing for a championship year with a 15-0 record thus far. In university sports, the chapter was strong in our contributions. In Wrestling - **Bill Ward** and **Paul Zarbatany**, nationals; Hockey - **John Drach, Jim D'Ignazio, Paul DePiano, Howard Silvers, Mike Powell, Don Richman, Vinny Mancini**, league champs; **Drach** - Captain and League MVP; Lacrosse - **Ken Orndorff** and **Rob Sullivan**; Rugby - **Roger Reso, Chris Young, Scott Minor, Steve McDonnell, Sean O'Conner, Chris Reiner, Joe Tallant, Kevin Coan** - National Champs; and Baseball - **Steve Josephs** and **Mike Cataline**.

Our philanthropy committee has held two major events in the past six months. The first was a canned food drive which raised a significant amount of food for the homeless on the streets of Philadelphia. The second was a balloon lift-off with the proceeds going to help those with M.S., our national charity. Another contributor to M.S. was our calendar committee which produced a university calendar supported by the advertisements of local businesses. Other philanthropy ventures of our brothers include the teaching of retarded kids to become scouts by **Scott Minor** and the teaching of young illiterate blacks to read by **Mike Curan**. Our chapter has been the most active in participating in an interfraternity town watch which has received much praise and publicity in the city. It is the largest town watch of its kind. We also took our usual part in the annual Powelton Village Cleanup.

Four delegates were sent to the Northeast Interfraternity Conference (NEIFC) this year. It would be encouraging to see more chapters there next year to show our strength as regional leaders but more importantly because a good time was had by all that attended and alot was learned about leadership and securing the future of your chapter.

We would like to congratulate **Mike "Boog" Powell** in returning to active status.

Our annual SPRING WEEKEND was held in Ocean City, Maryland this year on May 20-22nd. Upcoming events for the alumni include a golf outing and the alumni picnic.

BK ARIZONA STATE UNIVERSITY April 29, 1951

Tempe, AZ - Hello again - Sigma Pi at ASU is alive and well!

The Beta-Kappa Chapter does it again, scoring 4th in All Fraternity grades! Our yearly philanthropy, the Mock Rock lip-sync contest, provided the campus community with high-quality entertainment, and provided Multiple Sclerosis with a fund-raiser netting nearly \$1000!

This has been a fun year for intra-Greek events: We blasted away the competition in the Delta Chi All-Greek Survival Game played with paint-pellet-firing-guns. We hit a clean stroke in the Kappa Delta Golf Tournament. We hit a hard line drive in the Tri-Delta Softball Tournament. We even held our heads above water in the Delta Gamma Anchor Splash and sang our hearts out in Greek Sing (we won third). Of course, the social highlight of each year is the Orchid Ball. This year it literally brimmed with balloons.

Beta-Kappa alumni started our Alumni Club and Housing Corporation, and held a football game happy hour reception at a local hotel attracting recent alumni and area alumni as well!

Later in the year, we made an attempt to get residence at a recently-vacated fraternity house on the south campus. The attempt included a 200-page report about Sigma Pi, the Beta-Kappa Chapter, and even contained endorsements by several university administrators. We'd like to especially

Beta Nu Chapter welcomes Alumni to new house at S.I.U.-Carbondale

thank Grand Sage, **John Merino**, for his visit to our chapter to tell our house to the campus administrators. Even though we did not get the house, we dramatically cut our accounts receivable in half, and we have firmly committed to the belief that with the continued help of our members, our alumni, and national, we can soon inhabit a "real house". But, brotherhood makes a house, not four walls.

The great outdoors can also make brotherhood with our expanded tradition of retreats. In this year's retreat members engaged in communication activities bringing us even closer together as brothers, and formalizing the work of the past two years.

BM UNIVERSITY OF MISSISSIPPI September 27, 1953

University, MS - Beta-Mu had another successful year on campus. The chapter hosted parties for all the home football games and a Homecoming party and dinner for the alumni and parents, which was quite successful. Other fall semester activities included a Christmas Party, Halloween Party and intramural sports activities. We also hosted a Christmas Party for underprivileged children in the area. Santa Claus presented gifts to the children and refreshments were served.

Spring semester activities included our Orchid Ball at Wall Doxey State Park and a Block Party with three other campus fraternities which was held at the Sigma Pi House. We also attended the Epsilon-Lambda Softball Tournament for the second year. The semester concluded with our 3rd Annual Late Night Weekend theme party. The party was again quite successful, thanks to a visit by brothers from U.T. Martin. Other chapters which visited us this year include: Arkansas State, Indiana University, Missouri-Columbia, Southwest Missouri State, and Southern Illinois.

On campus, Sigma Pi boasted the 3rd highest fraternity G.P.A. and two intramural sports championships.

Carbondale, IL - In Greek Week we took Second Place in the Chariot Race and Third Place in Mud Volleyball. We also placed second in Greek Softball.

We also put on a haunted house for school children - it raised more money than any event at the carnival. Proceeds went to the School.

Another event held was a boat exchange with Sigma Kappa Sorority, the Cardboard Boat Regatta (a 25 foot boat that holds 24 men).

Our new house is going well. Thanks to all alumni that have been so supportive over the last year.

UNIVERSITY OF VIRGINIA April 4, 1959

Charlottesville, VA - Beta-Pi has been very active in community service this year. Our annual softball tournament raised \$1100 for the American Cancer Society and had divisions for both University and community teams. Our chapter has strengthened ties with one of our neighbors, the Martha Jefferson Retirement House, by serving dinner for the residents twice a week. This has proved very enjoyable for both parties and will continue next year. Brothers have worked through the University clearing house for community service, Madison House, both individually and in groups, in such programs as big sibling, foster grandparent, and open house hotline.

This has been a year of change for Beta-Pi in that we came back to a newly renovated house this fall. After settling in however, there was continuity in that we participated in another successful rush, giving out sixteen bids and getting sixteen new pledges. This helped propel the Chapter to another successful year of service leadership, Intramurals, involvement, and above all - fraternity.

UNDERGRADUATES

SHIPPENSBURG UNIVERSITY OF PENNSYLVANIA

April 23, 1960

After completing several service projects, including parking for the Dance Co., February 25th, guarding expensive works at an art show on April 12th, and collecting \$1002 for M.S. on March 26th, we are back in good standing with the administration.

Despite the new guidelines regarding parties, we have also managed to have a little fun this semester with many mixers, date parties, and the Orchid Ball held this year at the Hilton in Columbia, Maryland. The highlight of the semester was a very successful jello-wrestling party in which male and female students fought it out in 300 gallons of red jello, despite the snow flurries. Good job to **Doug McKnight** for running the event and thanks to Beta-Omega Chapter at Lock Haven for coming down to support it. We'll be visiting you this fall!

BΦ

ROCHESTER INSTITUTE OF TECHNOLOGY

May 14, 1960

Rochester, NY - Beta-Phi has become very active with the outside community for several excellent causes.

Love Day and an Easter Egg Hunt were both to help underprivileged children. For Love Day, 5th and 6th graders were brought to the campus to show them how college life is. A scavenger hunt and milk and cookies made the fun last. The Easter Egg Hunt was held at an inner-Rochester school. Many children were excited, as well as many brothers, to see **Scott "Void" Hannon** dress as the Easter Bunny. The 250 eggs and candy were mostly all donated from outside organizations.

Quarter the Quarter Mile again was a success, raising money for Multiple Sclerosis. Instead of going to Buffalo, New York from downtown Rochester, we chose Niagara Falls, almost one hundred miles to roll our eight foot quarter. This event not only strengthened the house mentally, but also physically as one day we rolled almost sixty miles.

At our Alumni Weekend, **William Mc Kerrell** was awarded the Honor Brother Award for his dedication and hard work while **John Carlson** was awarded the Gary Anania Memorial Sportsman Award for this excellent sportsmanship on the field.

In sports, the indoor soccer team easily rolled to the finals only to lose a heartbreaker by one goal while softball was ousted early from the playoffs. The volleyball team went undefeated and the hockey team lost the crown with five seconds left in the championship game.

UNDERGRADUATES

S. Scott Noe was nominated to be in the Order of Omega. **William Mc Kerrell** was Vice President of Greek Council on Campus while **John "Zeke" Boyd** was an R.I.T. varsity wrestler.

On May 7, 1988, four popular Wisconsin Bands donated their musical talent to Sigma Pi's "Bands Day" put on at Sportman's Park in Oshkosh. Gamma-Mu Chapter had gross receipts of nearly \$1000 from this charity event with all proceeds going to fight Multiple Sclerosis.

FO**FINDLAY COLLEGE**
May 6, 1967

Findlay, OH - The 1987-88 school year was a year for change at the Gamma-Omicron Chapter. Last year's graduation left us with no seniors and only two juniors. Therefore, it was the job of the sophomores to take over. Every office, except Secretary, is held by a sophomore. Because we won't lose anyone this semester, and because we pledged in 17 new Sigma Pi's this year, we will be the largest fraternity on campus.

The Brothers have done a fine job on restoring our house. They have put long painful hours into it and their work has paid off. A very special thank to the alumni who helped finance our work.

This year's Orchid Ball was a great success. The Alumni and Actives had a great time. III**INDIANA STATE UNIVERSITY**
May 13, 1967

Terre Haute, IN - I am writing you to let you know about the significant changes that have been made in your chapter this past summer.

First, the Chapter has been placed in Alumni Trusteeship. The Alumni Club and Housing Corporation have been instrumental with the Executive Office in reorganizing the Chapter. They have appointed new officers, and have established new ideals and goals for the Chapter.

The brothers are excited about the changes. I speak for the Chapter when I say that there will be extensive work involved in Sigma Pi's growth, however, we are inspired to do what it takes to make Sigma Pi a prominent name on campus again. Because of the reorganization, and other factors, we have a very low membership. Thus it is critical that we pull in a large and quality pledge class this year.

The Chapter faces some special challenges. I.S.U. has a mandatory "Dry Rush" again this year, which will be strictly enforced. We, as a Chapter find it valuable to abide by this rule. Plans for successful non-alcoholic rush functions are being made.

The chapter is very optimistic about what can be accomplished when the undergraduate brother and alumni pull together. We appreciate everything our alumni brothers for us. Thank you.

GP**WESTERN MICHIGAN UNIVERSITY**
October 21, 1967

Kalamazoo, MI - The past year has been an exciting and eventful one for the Gamma-Rho Chapter. During Greek Week the chapter showed Sigma Pi spirit and placed third overall. We also continued to strive towards academic excellence by boasting one of the highest G.P.A.'s in the Greek System. We participated in various fundraisers and philanthropies throughout the year with the other Greek chapters in order to promote Greek Unity and Philanthropy.

Around the house there were several improvements that occurred during the past year. The Gamma-Rho Chapter is also excited that they were able to double their membership size this past year with two successful rushes. Now the chapter is prepared and ready to enter next Fall's Rush invigorated and ready to be successful in their endeavors to make Sigma Pi number one on Western's campus. Best of luck to all of the other chapters in the next year!

GS**UNIVERSITY OF MISSOURI-COLUMBIA**
November 18, 1967

Columbia, MO - Gamma-Sigma began 1988 on a high note. Our Winter Formal was held here in Columbia, and coinciding with Valentine's Day, made it a truly memorable evening. This was followed by our Twentieth Anniversary Celebration. Congratulations are in order for Brother **Michael O'Donnell** for putting together the event. In March, UMC held its 2nd Annual Formal Rush.

Many high school seniors visited Columbia and after they were done, they ranked the houses that they had seen. Sigma Pi found its way to the top ten on many of those lists and next fall, Gamma-Sigma has a chance to get its largest pledge class in years.

April brought out the sun and the Sigma Pi's here headed to St. Louis to collect money for Multiple Sclerosis. The project was quite successful with over \$1300 donated towards fighting the disease.

Gamma-Sigma finished out the semester studying hard for finals in an attempt to return to the top five ranking achieved last year.

We extend infinite roses to alumni **Greg Remus**, **Eric Henning**, **Kevin Cox**, **Mike Beemer**, **Jim McNally** and **Tony Said** for their extensive efforts in this endeavor.

With Greek Week approaching, the Brothers here are anticipating another great victory. Last year we had 1st Place locked by the middle of the week, and went on to be the overall and spirit champs, ending a nine year streak held by a rival fraternity. In addition, a Sigma Pi, **Erik Fischer**, is President of the Greek Week Committee. This is the second year one of our Brothers has held this position.

Amidst all of this, we are continuing our participation in "Auction 56", the big fundraiser for our local public broadcasting television station.

DE**SETON HALL UNIVERSITY**
March 23, 1969

South Orange, NJ - The 1987-88 year proved to be a successful one for Delta-Epsilon. Fifteen brothers entered into the ranks this year. Our Founder's Day Banquet was the most well attended in years and many alumni renewed and strengthened their ties with the chapter. As our 20th Anniversary comes ever closer, plans to celebrate this important date in style here began to move forward.

We will finally have a \$0 debt with the Executive Office by summer's end. Thanks are in order to all brothers who gave their time and effort in achieving this goal. Nearly \$1000 was raised this year alone and the signs are good that the chapter will continue to remain financially strong in the future.

This Spring, Delta-Epsilon took first place in Greek Week, beating fraternities, double or triple in number. We raised over \$600 at the charity booth competition by renting a dunking machine, placing first. University officials and brothers alike participated in this water sport which was the center attraction of the Greek Lawn Party. Money raised will go to M.S. and a local charity. Also, Sigma Pi took second in the Greek Talent Show, performing a lip-sync rendition of Aretha Franklin's, "Respect". Second Counselor, **Dwayne Harris'** performance was memorable and brought the house down. The entire chapter had fun and worked hard. Only by the efforts of every brother could our victory have been realized. Sigma Pi will continue to be a powerful force on campus, stressing unity of purpose and diversity of membership.

ΔΩ SOUTHERN ILLINOIS UNIVERSITY-EDWARDSVILLE April 8, 1972

Edwardsville, IL - All in all, the end of this year has gone pretty well for Delta-Omega. Springfest this year at SIUE was a great time. Our chapter sold over 650 brats, and with soda and chips, we were able to make over \$400 in only two days. At the end of the same week, we had our Orchid Ball. The place for the event was Embassy Suites, on the Landing in downtown St. Louis. For the most part, it was truly a memorable occasion. To top off the year, Delta-Omega rivaled over all in the Intramural Softball, taking first place hands down.

The following members have graduated this year in their respective majors. They are: **Timothy Bednar** - Geography; **Lloyd Blumenstock** - Industrial Engineering; **Charles Warchow** and **Scott Wright** - Chemistry. Although we will miss them on campus, we wish them the best of luck in their careers.

EA SOUTHERN TECHNICAL INSTITUTE October 28, 1972

Marietta, GA - The Epsilon-Alpha Chapter of Sigma Pi has been doing good things for the Multiple Sclerosis Foundation in Marietta, Georgia. This group of young men from Southern Tech sponsored a 36-hour basketball bounce to raise money for M.S. on February 25-26th. They took pledges individually and collected money on the scene from passing motorists whose spare change really added up.

Also S.A.M.S. (Students Against Multiple Sclerosis) sweatshirts were sold which added \$500 to the total. All in all, over \$2500 was collected for the Multiple Sclerosis Foundation. The Sigma Pi brothers had a wonderful time uniting in this worthy cause. Also local radio stations, such as Z-93, 96-Rock, and Power 99, helped spread the word to passing motorists. A representative from Z-93, E-Z Money, came by the location to add \$93 to the cause. This effort reflects the quality of not only Epsilon-Alpha Chapter, but the entire Fraternity of Sigma Pi.

EF ILLINOIS WESLEYAN UNIVERSITY January 25, 1975

Bloomington, IL - This year was a spectacular year for us. We started strong and carried this attitude for the entire year. In the Fall we took twenty pledges. After going through a national praised pledge program, 19 activated. We had no depledging in the first semester. EZ WESTERN ILLINOIS UNIVERSITY
May 1, 1976

Macomb, IL - Once again, Epsilon-Zeta experienced another prosperous and energy filled Spring Semester. It began with a bang when sixteen outstanding men pledged the ranks of one of Western's leading fraternities in both academics and extra-curricular activities. With the chapter concentrating heavily in both areas, it enabled us to set and reach new goals.

As a result, we are the "proud owners" of the 1987-88 All W.I.U. Sports Intramural Trophy. We also led the campus in donations during the annual blood drive sponsored by Alpha Phi Omega Service Fraternity.

The Spring Semester also offered the chapter the chance to look back in the past with alumni during Founders' Day weekend. Everyone had a great time as old memories were brought back to life.

The future looks very bright for Epsilon-Zeta as we plan to have a hog roast in September. All donations from this event will be given to the philanthropy of our choice. For now, we wish all chapters the best of luck during the upcoming 1988-89 year. And we hope that your year will be as successful as ours.

November 9, 1977

Northridge, CA - Epsilon-Iota Chapter has grown in the past two years by 100% in membership and in reputation at Cal State

Northridge. We have held fundraisers for M.S. and spent a day this summer building trails for a youth center in the hills above Malibu. Brother **Lawrence Klein** is Regional Director for We Tip, a national grass-roots crime-fighting organization.

We visited Cal State Fullerton in the Spring for the Sigma Pi Western States Volleyball Championship - we were routed, but had a great time and met some great brothers from other chapters. Many of us took part in the Great American Smoke-Out, and encouraged others to do so.

And as always, we've had retreats and parties which have brought us all closer and given us an excellent reputation for friendliness at CSUN.

The Chapter is growing and going strong in a school where involvement and Greet Life are fast replacing commuter students and apathy. We also had a great hearse we were going to paint lavender and gold, but it blew up.

EM JAMES MADISON UNIVERSITY
April 29, 1978

Harrisburg, VA - Epsilon-Mu Chapter has gone through some growing pains this semester. We have moved out of our off-campus house and had to move into a non-campus university "house". We have many hours ahead preparing our party room, bar, and chapter room. The new house is really falling into place. It will soon be a place we can call home.

This semester Sigma Pi has also had a large amount of men rush, but we decided only to take six of the most potential pledges. They will hopefully be wearing letters soon and working hard to help Sigma Pi run as smoothly as it has in the past.

Epsilon-Mu Chapter is also looking very good in the public's view. We have put in over 700 hours of community service and raised \$100 for M.S. in a clean-up Harrisonburg project.

EN CALIFORNIA STATE UNIVERSITY-FULLERTON
December 10, 1978

Fullerton, CA - Although this year was a busy one for the brothers of Epsilon-Nu, it was also a year of great success and growth for the Cal State Fullerton Chapter. The academic year started with a smashing fall rush and the bidding of 72 pledges, which led to the initiation of 58 new Sigma Pi members. Spring rush was also strong - 35 pledges becoming 29 new members. After these two rush periods and the initiation of both the Tau and Upsilon pledge classes, Epsilon-Nu now stands at 160 men, the largest and strongest house on campus by far.

Our brothers have been very excited to spread Sigma Pi throughout Southern California and showed this by taking active roles in recruitment at USC, Cal Poly San Luis Obispo, UCLA and at our newest colony at Cal State Dominguez Hills. In keeping with the powerful tradition at Fullerton, Sigma Pi dominated Intramurals by sweeping the men's division (for the sixth year), the co-ed division and the women's division utilizing our strong little sister program thus earning the unprecedented "Triple Crown".

Epsilon-Nu took pride in doing four separate projects for Multiple Sclerosis, including a bike-athon in which the brothers raised well over \$3000. The Sigma Pi Western World Series had the largest turnout ever this year with 15 chapters being represented at this Epsilon-Nu hosted event. A sincere thanks goes out to all the chapters who participated!!

EE FAIRLEIGH DICKINSON UNIVERSITY

Epsilon-Xi Chapter highlights for this semester were our party, which was a great success socially and financially; rushing went extremely well, and we now have eight pledges. Sigma Pi plans to run a swim-a-thon, with the Leukemia Society of America as our philanthropic project. Also, the fraternity is looking forward to winning first place in the annual Greek Day campus competition.

Special thanks go to **Robert Gutmann** and **Jeff Silver** for their dedication and for getting our past debt with National under control.

Also, our appreciation goes to all alumni that have helped the fraternity this semester, especially **Joe Mahoney**, **Arthur Hayden** and **Lou Goldfond** for bringing the alumni together with the current brothers.

EO STATE UNIVERSITY OF NEW YORK-BUFFALO

Buffalo, NY - The 1987-88 school year has marked an incredible period of time for Epsilon-Omicron Chapter. The Fall Semester started out with a bang - we took 18 pledges and finished with our winter formal at the Hyatt Regency. This year so far, has been one of dynamic growth for us. We initiated 21 new brothers over the course of the Fall Semester and have just added seven more pledges to our ranks.

With such upcoming events as our First Annual Volleyball Tournament, flower sale, and extensive involvement in the University's intramural program, the rest of the Spring Semester should prove to be nothing short of intense.

The Epsilon-Omicron Chapter saw a great semester by participating in Buffalo Kid's Day and initiating the Upsilon pledge class. Special thanks go out to the brothers of Beta-Phi at the Rochester Institute of Technology for allowing us to help them with their Spring Quarter Roll for S.A.M.S..

EΠ CHRISTOPHER NEWPORT COLLEGE
April 4, 1981

Newport News, VA - Our Chapter has won Volunteer of the Year for the Virginia Peninsula, in the Student Category. We were presented the award at a special banquet honoring all of the 1988 Volunteer of the Year winners. We received a gold plate and a framed certificate. Attendants of the Award Banquet were Mayors, Delegates, President of Colleges, Representatives and other important dignitaries. This award was presented for our local efforts in fundraising for the National Leukemia Society, Multiple Sclerosis, fundraising for local events and causes (seat-belt law, national smoke-out, alcohol awareness, blood drives, and our continuing support of the College).

Since one of our primary goals for 1988 was to improve our image in the community, we feel that we have far exceeded that, our next goal is to try to win the Governor's Award on Volunteering Efforts (GAVE).

EP DRURY COLLEGE
April 17, 1982

Springfield, MO - The Spring 1988 Semester for Epsilon-Rho at Drury College was a whirlwind of one thrilling activity after another. However, the event that occupied the majority of our time was a philanthropy project for the Leukemia Society of America.

Brothers obtained pledges from friends, family members and local businesses for a 13-mile wheelchair push between Springfield, Missouri hospitals. The course took us down bustling thoroughfares of Springfield as the local media was very generous with their coverage. Brothers **Shawn Street** and **Greg Farwell** spearheaded our efforts. Our chapter raised nearly \$1000 cash as well as obtaining a case of mustard for the Leukemia Society in Kansas City.

The Chapter held its annual Spring Formal "Bahama Mamma" dance in fabulous Tulsa, Oklahoma. Sweetheart Mary Kenney was crowned Orchid Queen for the coming year as brothers and their dates were sure to take in all the sights glamorous Tulsa could offer.

Once again this year, Sigma Pi at Drury took the highest overall Fraternity G.P.A. Award, as well as having the highest Fall Pledge Class G.P.A..

UNDERGRADUATES

Sigma Pi held many prominent positions on Drury campus. WEST CHESTER UNIVERSITY OF PENNSYLVANIA February 4, 1984

West Chester, PA - The 1987-88 season has been Zeta-Alpha's best ever. Our financial situation was settled quickly with our new executive council. We organized two hayrides with sororities and introduced a new activity in having mixers.

We are again running the annual "Lend-a-hand Jam" rock and roll dance party with three live bands to help Multiple Sclerosis. This year, the Inter Greek Council and the campus non-alcoholic bar were vital with their donation of time assistance.

The Sigma Pi camping trip is a new idea organized by our alumnus **Rich Pillart**. It is set for early May.

Our Orchid Ball was, once again, the highlight of the year. Held at the Valley Forge Sheraton, it was a time no brother will forget.

MILLERSVILLE UNIVERSITY April 28, 1984

The Zeta-Gamma Chapter has had one of its best year since our chartering in 1984. Because of hard work and extra effort by the brothers, we were finally able to pay our debt to the Executive Office.

Our philanthropy projects have been very successful. This year we raised over \$2100 for the National Multiple Sclerosis Society and the American Lung Association. Our Second Annual Bedroll for M.S. was a big success and earned our chapter county-wide recognition, and also got us a feature spot on the TV news. You should have seen the brothers "hamming it up" in front of the camera.

Our biggest fundraiser for charity this year was our skip-a-meal for Multiple Sclerosis, sponsored by Sigma Pi and Delta Zeta Sorority. Students with a meal ticket would skip lunch one day and the University would contribute the cost of these meals to the Multiple Sclerosis Society. This one day event raised over \$1100.

Our Sage, **Andrew Sellers**, is the campus chairman for S.A.M.S. (Students Against Multiple Sclerosis). It's a great program and we recommend all chapters get involved with it.

Our chapter is also working to start IFC on this campus. Pledging went real well this semester. Congratulations to the new brothers, **Drew** and **Neill**.

Although many schools in this part of the country are beginning to withdraw recognition of fraternities, Millersville University's Greeks are getting stronger and Sigma Pi is growing with them.

ALUMNI

Good luck to alumni **Steve Danforth** on his Trans-America Bicycle Trek for the American Lung Association. It's a long, long road from Seattle to Atlantic City.

Both the pledge and brother Intramural Teams are near the top of league standings and are looking forward to competition in the upcoming "Greek Week". ZΘ STATE UNIVERSITY OF NEW YORK-PLATTSBURGH January 26, 1985

Plattsburgh, NY - The Zeta-Theta Chapter has come through once again, as we begin the second half of an extremely productive year. First we sponsored a blood drive which yielded close to one-hundred pints of blood for the local hospital. We then turned to the aid of the Cystic Fibrosis Foundation in which we donated a check for close to \$200 collected from a bottle-drive. Further projects to collect donations for the Multiple Sclerosis Foundation are now being planned.

As always, the brothers were able to balance this hard work with an equal amount of relaxation - the Sigma Pi way. After an extremely successful pledge program which introduced four "Outstanding" new brothers, a banquet was held. Oh, what a night! **Steve**, you did a great job organizing the banquet, too bad you probably do not remember most of it. The banquet led into a beach party. Since it was November, this beach party was forced inside. But what is a beach party without sand! Lots of Sand!

Dave Chiauerini cheers his way to a win in Greek God competition at Villanova

As an ending note, the Chapter would like to congratulate those who played on the broomball team, you guys were a terror. We would also like to congratulate **Steve Cutsumbis** and **Bill Maloney** upon their graduation. And finally, best wishes to **Jim Miller** and his bride.

ZN VILLANOVA UNIVERSITY November 9, 1985

Villanova, PA - Greetings from Villanova. We hope all chapters have enjoyed as much success this past semester as we have here at Zeta-Nu. We enjoyed an outstanding pledge class this year. After having our strongest rush program ever, we netted 19 men as our Epsilon pledge class. After proving their dedication and loyalty to the chapter throughout the semester, we initiated those 19 pledges at the beginning of May. Because of this outstanding class, we should prove to be very strong in the upcoming years.

Our philanthropy program was very active this past semester as well. The brothers here at Villanova participated in a program to benefit the Mary Beth Flanagan Computer Center. Our efforts were well appreciated by the computer center as well as the Villanova Administration.

In athletics this past semester, Zeta-Nu was very successful. We captured championships in Intramural Football and Basketball. Our success carried over to Greek Week where we finished a close second, our highest finish ever.

This past year has been one of trial and error; however, with a new executive board, we feel that we are stronger than ever. We hope that the 1988-89 school year proves to be our best ever, we have certainly worked hard in order to accomplish that.

ZX GLASSBORO STATE COLLEGE March 5, 1988

Glassboro, NJ - The brothers of Zeta-Chi Chapter would like to thank Sigma Pi International for accepting us into the brotherhood. It is a honor and great privilege to be affiliated with such a prestigious organization.

Throughout the semester we stressed the importance of community services. In November, we went to a local hospital to sing carols and give out candy canes to the patients. We sponsored a servant auction where we raised over \$200, which was donated to the Multiple Sclerosis Association. We also helped restore houses in the lower class section of South Jersey. We are now at the beginning stages of participating in the Big Brother program here at the college.

One of our biggest accomplishments for the year was receiving our chapter on March 5, 1988. We worked very hard and we were proud to receive it. We would like to thank all brothers and alumni brothers from other chapters who participated in the ceremony. It was a momentous occasion. Bridgewater State University Colony

WESTERN CONNECTICUT STATE UNIVERSITY Colony

Danbury, CT - The Western Connecticut State University Colony of Danbury, currently known as Chi Epsilon Sigma, has had a very bad year. Chi Epsilon Sigma has been a local fraternity for 22 years and has provided many good times, many contributions, and many helping hands throughout these years.

We have never received any financial assistance from our school in any way, but have managed to support ourselves and still contribute to charitable causes, while enjoying ourselves in doing so. The 1987-88 school year proved to be a trying one, showing us that we are far from infallible.

We now have a new and very promising executive board. Behind us is a crew of fine hardworking men, eager to join the brotherhood of Sigma Pi.

At this point the struggle is a difficult one; organizing ourselves after being turned upside down. It will take sometime, but we look forward to chartering just as soon as possible. We welcome any form of input or assistance from any chapter or colony within calling or cruising distance.

Congratulations Southern!! Wish us luck.

"The Zu Crew" at U.C.S.D. - Alpha Pledge Class: **Ted Symons**, **Ken Morris**, **Joe Kingman**, **Chris Hewitt**, **Blake Kawano**, **Ben Fernandez**, **Bill Marder**, **Vince Brown**, **Douge Burke**

CENTRAL ILLINOIS ALUMNI ASSOCIATION

This has been an exciting year for the members of the Central Illinois Alumni Association. With the aid of alumni and undergraduate volunteers we began the 1987-88 school year by making several cosmetic changes to the chapter house, including new carpet on the first floor, fresh paint, new wallpaper, new light fixtures, and new shelving in the television room for the trophies. A major renovation project will be a complete re-roofing of the chapter house prior to the opening of school this fall. Other property improvements include requesting a rezoning of the HUT (Chapter's Social Hall) so that a kitchen and new plumbing can be installed.

The 1987 Homecoming festivities included a celebration acknowledging Mom Slevin's 25 years of service to Beta-Gamma Chapter. Her party included a formal dinner and dance with a roast reflecting on her tenure. During the program, Mom was presented with a variety of gifts from the undergraduates and alumni. These included perfume, flowers, a silver bowl from the Memorial Headquarters, and a cash gift of \$7,500.00. It was a gala affair not to be forgotten by the nearly 450 in attendance.

At the Chapter's annual Founder's Day Banquet, the Central Illinois Alumni Association presented its scholarships to the deserving undergraduates. This year the Bertrand P. Holley Scholarship (Junior or Senior with the highest G.P.A.) went to **Brother Tim Gorman**, first runner-up was **Jeff Eckberg**. They are the Chapter's Third Counselor and Sage, respectively. **Brother Rich Bohan** was awarded the Eli R. Sidwell, Jr. Scholarship in recognition of having the highest G.P.A. for a Pledge over the last year. The final cash scholarship, the Bootstrap Award was presented to **Brother Larry Kohl**.

The Executive Committee of the C.I.A.A. had met four times during this past school year to review association membership, finances, property management, social activities, writing association bylaws, and to assist with chapter development and programming. An emphasis of the Committee has been to develop communication links between all the alumni Brothers. This has been successfully done by redesigning the layout and publishing on a semesterly basis the **Beta-Gamma Gab**.

Alumni dues notices were recently mailed to our 1100, plus members with information about the Association's planned activities at the Biennial Convocation and 1988 Homecoming festivities.

Jeff Knezovich has received the democratic nomination for a seat on the DuPage County Board representing the 5th District. The general election for the post will be held this November.

Eli R. Sidwell, Jr., was named Charleston's (Illinois) Man of the Year by the area Chamber of Commerce.

Thomas Ozga is a professional options broker on the floor of the Chicago Board of Options Exchange. He also plays semi-pro baseball as a pitcher.

Marty Mizner has completed his medical school training at the University of Illinois School of Medicine in Peoria. **Marty** will enter the ophthalmological residency program at the University of Minnesota this fall.

EUROPEAN ALUMNI CHAPTER FORMING

It started as an idea to extend the fellowship of brotherhood to those brothers living in Europe. So far 17 brothers living in England, Sweden, Germany, and Switzerland have expressed an interest. Some of the brothers are members of the US Forces stationed overseas, some are Americans working for American companies overseas, some are Americans working for Americans who returned to their home countries after college.

Our main goal at this point is to increase the membership base of brothers and to increase the awareness of our efforts to **All sigma Pi's**.

Since there are no Sigma Pi organizations in the universities in Europe (that we are aware of), the purpose of the chapter will try to concentrate its efforts in these areas.

- **First**, helping college bound young men with career counseling and providing them with an introduction to (Sigma Pi) Fraternity life.

- **Secondly**, to assist any brother traveling overseas. We will be able to provide names of brothers living in countries who are willing to help other brothers traveling through. A friendly face or a bit of advice can make traveling more enjoyable.

- **Thirdly**, to have get-togethers of the brothers living in Europe. There are many possibilities — Alpine ski trips, wine tasting trips or group tours.

If any brother in the world is interested in joining our efforts, please contact:

We are looking forward to your support of establishing a Sigma Pi European Alumni Chapter "a Fellowship of kindred minds, united in Brotherhood ..." — Ron Banks, Alpha-Rho, class of '74.

LOUISIANA ALUMNI CLUB LOUISIANA - THE REBIRTH

Sigma Pi was born in Louisiana on March 27, 1920 when Omicron Chapter was chartered at Tulane University in New Orleans. Sixteen years later on May 24, 1936, Alpha-Kappa Chapter was chartered at L.S.U. in Baton Rouge. Fifty years later in 1986, Alpha-Kappa Chapter was rechartered and opened a new "rebirth" of Sigma Pi in Louisiana. On April 24, 1970 Delta-Lambda was chartered. In 1987, the fraternity's 160th Chartering took place in Hammond, Louisiana and Zeta-Phi was born at Southeastern Louisiana University.

At the present time, Louisiana has three active chapters: Alpha-Kappa at L.S.U., Delta-Lambda at Louisiana Tech, and Zeta-Phi at Southeastern Louisiana University. The Louisiana Alumni Club is dedicated to reactivating chapters at Tulane and Southwestern Louisiana University, as well as new colonies and chapters at other campuses, such as U.N.O., L.S.U.-Alexandria, Northwestern, and McNeese. Monthly luncheon meetings are currently being held by the Baton Rouge chapter of the Louisiana Alumni Club. Your brotherhood and support are eagerly sought, regardless of undergraduate affiliation.

We are proud to be hosting the 40th Biennial Convocation in New Orleans in 1990. Currently a new house is in the works for L.S.U. Through your continued support "from the ashes of the past", our dreams can become reality.

New York, NY, May 31 - Sigma Pi Fraternity has been named to receive this year's highest award for Outstanding Organization Volunteer Service of the National Multiple Sclerosis Society.

In announcing the award, Vice Admiral Thor Hanson (USN- ret.), president and chief executive officer of the Society, said, "Sigma Pi Fraternity designated the MS Society as its National Philanthropy in 1985 and since then its 125 chapters have contributed to the Society through the Students Against Multiple Sclerosis (SAMS) program and local MS Chapters. More than \$40,000 was raised for the Society last year alone, and the Fraternity sponsored several contestants in the SAMS "Rock Alike" contest, a popular on-campus student lip-synch competition.

Hanson added that more than 15 members of Sigma Pi are serving as campus Chairpersons in the 1988 SAMS campaign and that the Fraternity is otherwise involved in raising money for its campus SAMS groups.

The Fraternity's Grand First Counselor, Dennis V. Day, will accept the Outstanding Volunteer Service Award on June 11th at the Society's National Leadership Conference in Seattle, Washington.

The National Multiple Sclerosis Society is the only national voluntary health agency in the U.S. which supports national and international research on multiple sclerosis. It has 97 chapters and 48 branches nationwide which provide services to people with MS and their families.

Ms. Tracy White, National Multiple Sclerosis Society, presents the 1988 Award for Outstanding Service to Sigma Pi Fraternity. Accepting on behalf of the Fraternity, Dennis V. Day, Grand First Counselor.

22 Sigma Pi teams participated in this year's Western World Series raising \$4,000 for M.S. Teams from chapters in Colorado, California, Nevada, and Arizona played in the two-day event.

FRATERNITY LIFE - FUND-RAISING WORK

New York Times, NY - May 25 - To the Editor: Fraternities on college campuses have been making headlines, some justified by tragic incidents that include hazing deaths and discrimination. The result: a small, but strong vocal appeal has been issued on and off campuses for the revocation of the charters of all Greek organizations ("Lessons" column, May 11).

The other side to fraternities rarely makes headlines. Some Greek organizations are strong supporters of non-profit health organizations. In particular, Sigma Pi and Theta Xi have made outstanding contributions to their national philanthropy, the National Multiple Sclerosis Society, through the Students Against Multiple Sclerosis program on more than 200 campuses.

Students raise funds and awareness for the fight against multiple sclerosis, which short-circuits the central nervous systems of more than 200 young adults each week.

The Sigma Pi Fraternity will be awarded the 1988 outstanding organization volunteer service award for its contribution toward eradicating this disabler of young adults. The Theta Xi Fraternity won this honor two years ago.

More than half the 235 Students Against Multiple Sclerosis chairmen are members of fraternities and sororities. Students raised almost \$40,000 last year to support our research efforts to find the cure for multiple sclerosis and provide local services to those with the disease. The University of Missouri at Columbia was this year's top fund-raising campus, having raised \$28,000 because of the combined effort of more than 35 Greek organizations.

In judging fraternities, the good must be included with the bad. Many exemplify and encourage student leadership and commitment, qualities that will produce tomorrow's leaders.

Charleston, IL - Times Courier — Schuster involved in project for charity.

With the help of the Sigma Pi Fraternity, Eastern Illinois University junior Charlie Schuster, a 1985 graduate of Charleston High School, recently organized a hair-cut-a-thon for charity.

For a \$5 donation, participants could get their hair cut with all of the proceeds going to the Greater Illinois Chapter of Multiple Sclerosis in Peoria. The two-day event was held at Hair Biz, 1109 Lincoln Avenue, and Pam's Sassy Scissors, 820 Lincoln Avenue, and raised approximately \$400.

Worcester, PA - Worcester Polytechnic Institute, (Gamma-Iota Chapter) — Charitable work has become a tradition here at Sigma Pi, Gamma-Iota Chapter of Worcester Polytechnic Institute. For the past three years, the brotherhood has raised an average of \$8000 for Multiple Sclerosis. This coming year we intend to raise \$10,000 for the fourth annual Miracle Mile. Our overall goal is to raise a mile's worth of quarters, which is equivalent to \$16,000.

It all started three and a half years ago, when we started the event. We raised the money through corporate donations, soliciting, and a huge raffle. Prizes for the raffle included a vcr, bike package, ski package, Bow's stereo system and a \$500 shopping spree. We held a two day event at the Worcester Mall. This event had many attractions, such as the Pepsi bmx bike trick team, costumes, games and prizes for the kids, a quartet, music, and along with thousands of raffle tickets. Since the first year the event has blossomed. We now have Radio, TV, and newspaper coverage for publicity. Pepsi has been our major sponsor, which has helped us get started. Support from our community has enhanced the fund raiser greatly.

This year our Chapter has received the 1988 Community Service Award from W.P.I.. Our chapter is always striving for better relations with our neighbors.

There is still no cure for Multiple Sclerosis as yet, but it is a great feeling knowing that 65 brothers in our chapter had contributed \$23,525 during the past three years toward that cause. It makes me proud to know that I and the rest of the brothers work that hard and pull together to make a significant offering to the Multiple Sclerosis Society. It's amazing how a few guys can make a big difference and I'll always remember them. —

Fraternally,
Van Woolley

GREEK GIVING: GET ON MTV FOR MS

Fraternities and sororities all across the nation have a long history of organizing charitable events and contributing to worthy causes they believe in. Last year thousands of Greek men and women took part in a national student movement called **SAMS, Students Against Multiple Sclerosis**.

SAMS was formed to join students in the fight against a disease that affects them. Just when you're starting to live MS can strike. This debilitating disease of the central nervous system affects young adults between the ages of 20 and 40 — college age.

The interesting part of the **SAMS** program is that it is a fun way for your chapter to raise money for a good cause. The **SAMS** program doesn't make people feel guilty to give. People participate in **SAMS** events because they're fun.

For example, the **SAMS / MTV Rock Alike** is a national lip-synching contest where students impersonate their favorite rock stars and compete for the chance of "synching or swimming" live on MTV during spring break from Daytona Beach, Florida.

Other **SAMS** events include: "Skip-a-Meal for MS," dance marathons, raffles, and more. Or, if your chapter has an annual fund-raising event you can continue to organize it without changing a thing and donate the money to **SAMS**.

The campus that raises the most money for MS is the site of MTV's "School's Out Weekend," a weekend of MTV programming and partying from your favorite campus haunts.

One thing the **SAMS** program can offer your chapter when it takes on a philanthropy project that many other national philanthropies can't is help. The **SAMS** staff, or a local MS chapter staff person, will supply you with all sorts of fund-raising information and materials to make your events successful.

If your chapter is interested in joining **SAMS** or has questions about this exciting program, feel free to contact the **SAMS** staff at 1-800-1-BUST-MS, in New York State call 212-687-6620.

Helping those whose health is less fortunate than yours is part of the commitment that being Greek is all about. Get your chapter involved in a philanthropy project this year and think about joining the **SAMS** program. It's a fun and exciting way to help those in need.

Other Sigma Pi Chapters that have contributed to Multiple Sclerosis are:

EMBRY RIDDLE UNIVERSITY - \$15,500

Chairperson - Matthew Barrett

WORCESTER POLYTECHNIC INSTITUTE - \$6,500

Chairperson - Al Prescott

Cal State-Bakersfield was 4th place winner in the 12th Annual Western World Series.

California State University-Fullerton hosted the games. Many trophies were awarded to the chapters.

Vincennes, IN - Sun Commercial — Twenty-nine individual students and six organizations at Vincennes University received certificates for service at the semester's-end party given for the Student Volunteer Service Program at the YMCA December 10th.

The student volunteers were treated to a pool party by the Student Activities Office and to six-foot submarine sandwiches from Subway Sandwiches and Salads.

Groups that qualified for special awards for the volunteer hours their members donated were: Sigma Pi Fraternity (Alpha Chapter), Sigma Nu Fraternity, Alpha Theta Chi Sorority, Lambda Chi Alpha Fraternity, Beta Xi Omega Sorority and the Student Council for Exceptional Children.

Volunteer work among the students is considered a significant part of education as it prepares them to take a more useful position in the community where they will settle after graduation. Many are in contact for the first time with social-economic or age groups other than their own. The volunteer program is operated under the Student Volunteer Service Program under VISTA. Becca Ewing is the coordinator.

Woodbridge, VA - Trout Unlimited

The Sigma Pi Chapter at James Madison University (Epsilon-Mu) made a generous donation of time and effort in connection with the Mossy Creek Restoration Project. This is a major conservation project for Trout Unlimited and we couldn't have accomplished the amount that we did without your support and able assistance.

This is a long range project and the work that was done this summer and fall will benefit the riparian areas of this stream and the water quality for many years. Working to restore the headwaters streams such as Mossy Creek, benefit the fishery and will also have a positive impact on the water quality of the Chesapeake Bay.

Rochester, NY - Greek Affairs Office

Allow me to thank you and the other brothers of Sigma Pi for volunteering your time to help provide security for the Ramones' Concert on May 7th of Spring Weekend '88.

We are very appreciative of the "extra effort" each brother contributed to crowd control and thus to success of the event.

Kalamazoo, MI - Student Services Office

....letter in appreciation of the \$100 check presented to the Sara Swickard Preschool at Western Michigan University by the Gamma-Rho Chapter of Sigma Pi Fraternity.

Atlanta, GA - American Diabetes Association

Epsilon-Alpha Chapter, Southern College of Technology, participated in a recent Bucket Brigade to Battle Diabetes! Their \$132 contribution will help provide programs and services for the 250,000 Georgians with Diabetes.

The brothers not only raised the money for the American Diabetes Association, but also distributed pamphlets on "The Warning Signs of Diabetes."

College Station, TX - Ronald McDonald House

Texas A&M Colony of Sigma Pi participated in week-long activities which included a philanthropy event with Alpha Delta Pi and a Playday, in which money raised goes for the Ronald McDonald House. The Ronald McDonald House is a place for the parents of terminally ill children to stay while their child is in the hospital.

The Colony also asked for food donation at a local shopping center and delivered them to the Brazos County food bank. The brothers did outstanding for their first year and took home third place in signatures for smaller chapters, second place in spirit, and second place overall.

.....One should be honored to have such outstanding young members that you can call brothers. They set fine examples.

Urbana, IL - Regional Health Resource Center

The Sigma Pi Chapter at the University of Illinois (Phi), has actively supported the Champaign County Blood Bank since 1985.

We would further invite you to consider formally encouraging each of your chapters at colleges and universities elsewhere to become involved in donating blood to their local blood agencies. Every year some three million patients need blood transfusions. Through active blood donation, Sigma Pi and its affiliated chapters could play a significant role in saving those patients' lives.

On behalf of the patients we serve, we commend the local members of Sigma Pi for their outstanding support of our blood program.

Kansas City, MO - Leukemia Society of America

The men of the Sigma Pi Fraternity at Drury College (Epsilon-Rho Chapter) raised \$931 for the Leukemia Society of America by sponsoring a wheelchair push.

They decided to raise money for the Leukemia Society because one of the Sigma Pi member's mother had died of leukemia.

The 13 mile push went from Cox Medical Center north to Cox South. The fraternity also received donations from area businesses and received tremendous community support.

Leukemia and it's allied diseases will strike some 70,000 Americans each year and kill about 41,000. With the help of the Sigma Pi Fraternity and all concerned people, we are closing on a cure for leukemia.

Hampton, VA - The Voluntary Action Center

On behalf of the Voluntary Action Center of the Virginia Peninsula, I would like to offer my congratulations to the Epsilon-Pi Chapter for its 1988 Volunteer of the year Award in the student category.

.....The Epsilon-Pi Chapter won the award because of its diversity of volunteer projects and commitment to several community service organizations. Without their help the Big Brother-Big Sisters, Leukemia Society, Retired Senior Volunteer Program, Voluntary Action Center, Multiple Sclerosis and several other key groups would not have met fundraising and program goals.

Dear Brothers,

The Educational Fund's Board of Trustees would like to thank you, the Alumni, for helping Sigma Pi set a new record this year in the annual Alumni Loyalty Drive. More than eleven hundred brothers contributed over \$47,500 this past year. These contributions to the Sigma Pi Educational Fund have helped in providing nearly \$30,000 in educational grants to the Fraternity for programs such as chapter visits, regional leadership workshops, and support for the **Emerald**.

Nearly \$2,500 was also set aside from these contributions for scholarships for your chapter. Five percent of all Annual Loyalty Fund gifts are being used for scholarships for the donor's chapter. All contributions to the Sigma Pi Educational Fund, whether for the annual fund, membership, or bequests are tax deductible to the full extent permissible by law.

A special thanks to those listed below for giving the Fraternity and its members additional opportunities through the Sigma Pi Educational Fund.
